

ASIAN SAUNASTORE

FINNISH SAUNA HOUSE - THAILAND

SAUNA ROOMS · HEATERS · STEAM · INFRARED · CONTROLS · ACCESSORIES

Product Catalogue 2026

Finnish heat, engineered for the tropics.

INTRODUCTION

A new name, built on decades of expertise.

Asian Saunastore is a new name with deep roots. We are the authorized SAWO distributor in Thailand — built on SAWO's thirty years of Finnish sauna craft and installations in more than ninety countries. And our founding team has spent over fifteen years building custom saunas across Thailand, for private villas and commercial projects alike, long before the name above the door.

30+ YEARS

SAWO's Finnish sauna craft

90+ COUNTRIES

where SAWO saunas are installed

15+ YEARS

our team building saunas across
Thailand

We design, supply, and install genuine SAWO saunas for villas and resorts across Thailand. Every project begins with a conversation.

Sauna Rooms

SAUNA ROOMS
STRAIGHT · L-TYPE · DOUBLE — BENCH LAYOUTS
Standard
The classic room, in heat-treated timber.
TIMBERS Cedar, aspen, or hemlock
BENCHES Straight, L-shaped, or double

SAUNA ROOMS
Glass Front
A wall of triple-layered tempered safety glass opens the room.
FRONT Triple-layered tempered safety glass
TIMBERS Cedar, aspen, or hemlock

SAUNA ROOMS
Infrared
Fiber-coated far-infrared panels, from a standard 230-volt socket.
HEAT Fiber-coated far-infrared panels, warming the body directly
RUN TEMPERATURE About 55–70°C (SAWO's own figure)

SAUNA ROOMS
Compact
A single-person room that fits where space is spare.
CAPACITY One bather
INSTALLATION Arrives ready to run

Heaters

Tower

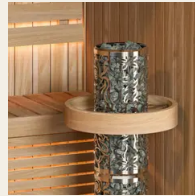

HEATERS · TOWER
STONE PILLAR — TOWER SERIES
SAWO30

4.5–24 kW

The anniversary tower heater — Round, Wall, or Corner, 4.5 to 24 kW.

MOUNTS Round, Wall, or Corner

CONTROLS Saunova, Saunova/Innova, or Built-in

HEATERS · TOWER
STONE PILLAR — TOWER SERIES
Tower

3–24 kW

The plain stainless ring of stones — 3.0 to 24 kW, linkable to 48 kW.

MOUNTS Round, Wall, or Corner

CONTROLS Saunova, Innova, Saunova/Innova, or Built-in

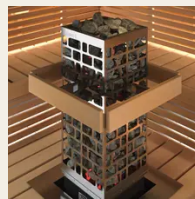

HEATERS · TOWER
Aries

4.5–18 kW

A straightforward tower built for a stronger heat punch, 4.5 to 18 kW.

MOUNTS Round, Wall, or Corner

CONTROLS Saunova, Saunova/Innova, or Built-in

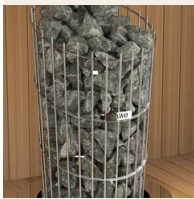

HEATERS · TOWER
Cubos

4.5–9 kW

A square tower that converts between middle, wall, and corner placement.

PLACEMENT Middle, corner, or wall, via a separate protective cover

CONTROLS Saunova, Saunova/Innova, or Built-in

HEATERS · TOWER
Phoenix

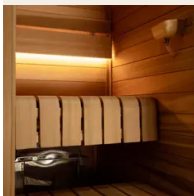

4.5–18 kW

An open-tube tower with a broadening silhouette, holding up to 130 kg of stone.

STONE CAPACITY 85–130 kg

CONTROLS Saunova or Saunova/Innova

Floor

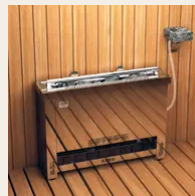

HEATERS · FLOOR
Helius Mini

2–3 kW

The compact hidden heater, installed behind the bench, 2.0 to 3.0 kW.

STONE CAPACITY 17 kg

WATER FEED Separate basin, hose-fed

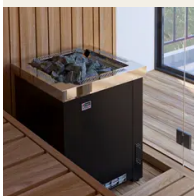

HEATERS · FLOOR
SOAPSTONE BASIN — HELIUS NS
Helius NS

4.5–9 kW

The hidden heater — only the water basin stays in view.

CONTROLS SAWO Saunova or Innova

WATER FEED Soapstone basin, hose-fed

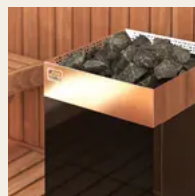

HEATERS · FLOOR
COMMERCIAL DUTY — TAURUS D
Taurus D

9–36 kW

SAWO's commercial floor heater — dual power taps, 9 to 36 kW.

DUTY Commercial — hotels, spas, public and private pools

MAINTENANCE Pull-out cassette tray; early-warning sensory system

HEATERS · FLOOR
Nordex Pro

6–9 kW

The newest Nordex floor heater, linkable to 27 kW for larger rooms.

LINKED MAXIMUM Up to 27.0 kW combined, via the Connection Kit

MAINTENANCE Separate stone compartment, pull-out cassette tray

HEATERS · FLOOR

Nordex S

6–9 kW

An updated, slimmer version of Nordex Floor, 6 to 9 kW.

CASING Stainless or black steel

CONTROLS Saunova/Innova

HEATERS · FLOOR

Nordex Floor

9–24 kW

A straightforward floor-standing heater, 9 to 24 kW.

CASING Stainless or black steel

CONTROLS Saunova/Innova

HEATERS · FLOOR

Savonia

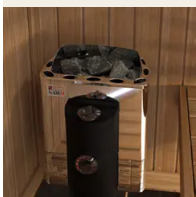

9–24 kW

A low-maintenance, high-stone-capacity heater for a smoother heat.

COATING Regular or cool-to-touch fiber-coated

CONTROLS Saunova/Innova

Wall-Mounted

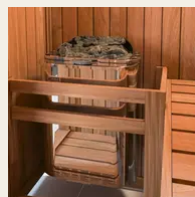

HEATERS · WALL-MOUNTED

Mini, Mini X, Mini Combi

2.3–3.6 kW

SAWO's smallest wall heater family, for tight corners and compact rooms.

COATING Fiber-coated option across the family

HEATERS · WALL-MOUNTED

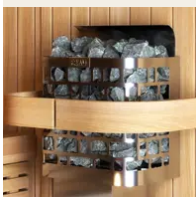

Scandia

4.5–9 kW

A staple classic among SAWO's stainless wall heaters, 4.5 to 9 kW.

COATING Cool-to-touch fiber-coated option

CONTROLS Saunova/Innova or Built-in

HEATERS · WALL-MOUNTED

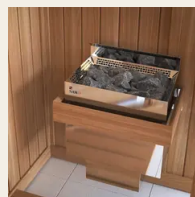

Krios

4.5–9 kW

A larger-stone-capacity wall heater with a signature perforated pattern.

STONE CAPACITY 50 kg

MOUNT Control unit attachable left, right, or front

HEATERS · WALL-MOUNTED

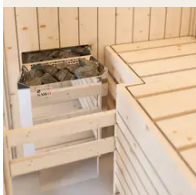

Nordex Wall

4.5–9 kW

The compact wall-mounted member of the Nordex family.

CASING Stainless or black steel

CONTROLS Saunova, Saunova/Innova, or Built-in

HEATERS · WALL-MOUNTED

Nordex Mini

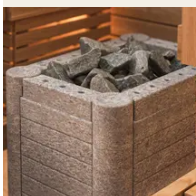

2.3–3.6 kW

An ultra-compact wall or corner heater for the smallest rooms.

MOUNT Straight or corner wall position

CONTROLS Saunova, Saunova/Innova, or Built-in

Stone

HEATERS · STONE

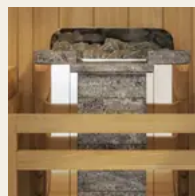

Nimbus

9–24 kW

A soapstone-cased heater built for gentle, long-lasting heat.

CASING Finnish soapstone

CONTROLS Saunova/Innova

HEATERS · STONE

Cumulus

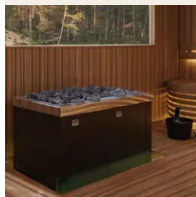

4.5–9 kW

An elegant wall-mounted heater with a decorative soapstone front.

FRONT Decorative Finnish soapstone

FEATURES Built-in aroma cups

Combi

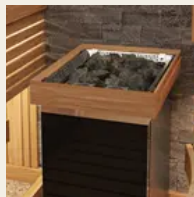

HEATERS · COMBI
COMMERCIAL DUTY — TAURUS D COMBI
Taurus D Combi

9–36 kW

Taurus D's commercial heat, with a built-in steamer and aroma basin.

STEAM TANK 1x2.0, 2x2.0, or 3x2.0 kW per unit count

WATER LEVEL Detection with optional auto-refill

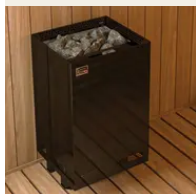

HEATERS · COMBI
Nordex Pro Combi

6–9 kW

Nordex Pro's durable heat, with an integrated steam-generator tank.

STEAM TANK 1x0.8 kW per unit

LINKED MAXIMUM 27.0 kW heater + 6.0 kW tank across three units

HEATERS · COMBI
Nordex S Combi

6–9 kW

Nordex S with an added water tank for more steam, 6 to 9 kW.

STEAM TANK 0.8 kW or 2.0 kW

CASING Also available in black

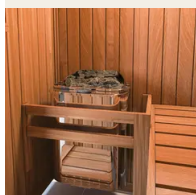

HEATERS · COMBI
Savonia Combi

9–18 kW

The steam-capable version of Savonia, with optional auto-refill.

STEAM TANK 1.0 kW or 2.0 kW, optional auto-refill

COATING Also available fiber-coated

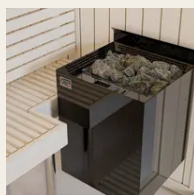

HEATERS · COMBI
Scandia Combi

6–9 kW

Scandia's steady heat, with an integrated steam tank and aroma cup.

STEAM TANK 1.0 kW or 2.0 kW

COATING Fiber-coated option

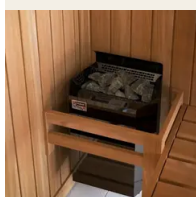

HEATERS · COMBI
Nordex Combi (Wall)

6–9 kW

Adds humidity to the Nordex Wall heater, with built-in aroma cups.

STEAM TANK 0.8 kW or 2.0 kW

FEATURES Built-in aroma cups

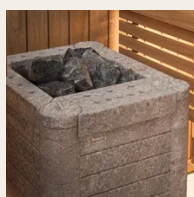

HEATERS · COMBI
Nordex Mini Combi

3–3.6 kW

The steam-capable version of the ultra-compact Nordex Mini.

STEAM TANK 0.8 kW

FEATURES Built-in aroma cups

HEATERS · COMBI
Nimbus Combi

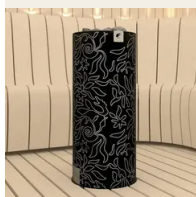

9–18 kW

Nimbus's soapstone heat, with an integrated steam-generator tank.

FEATURES Water tank steam generator, built-in aroma cups, optional auto-refill

CONTROLS Saunova/Innova

Dragonfire

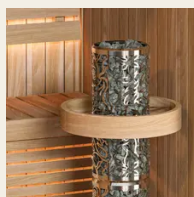

HEATERS · DRAGONFIRE
STEFAN LINDFORS — DRAGONFIRE
Dragonfire

The designer series by Stefan Lindfors, patterned in Junglefire.

DESIGN Stefan Lindfors, Finland

NAMED MODELS Fiberjungle NS, Scandifire Black, Minidragon Wall

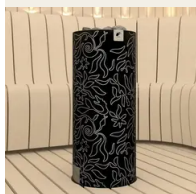

HEATERS · DRAGONFIRE
STEFAN LINDFORS — DRAGONFIRE
Heaterking

3–24 kW

An ornate Junglefire-pattern tower designed by Stefan Lindfors.

DESIGN Stefan Lindfors, Finland — Junglefire pattern casing

CONTROLS Saunova/Innova

HEATERS · DRAGONFIRE
STEFAN LINDFORS — DRAGONFIRE
Fiberjungle

4.5–9 kW

A black fiber-coated tower, cool to the touch, by Stefan Lindfors.

DESIGN Stefan Lindfors, Finland — cool-to-touch black fiber coating

CONTROLS Saunova/Innova

HEATERS · DRAGONFIRE
STEFAN LINDFORS — DRAGONFIRE
Scandifire

4.5–9 kW

The classic Scandia shape, patterned in Junglefire, fiber-coated.

STONE CAPACITY 22 kg

FINISHES Red or black

HEATERS · DRAGONFIRE
STEFAN LINDFORS — DRAGONFIRE

Minidragon

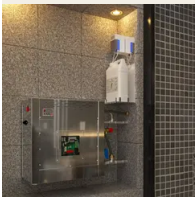

2.3–3.6 kW

The most compact of Stefan Lindfors' designed heaters.

STONE CAPACITY 11 kg

FINISHES Red or black

Steam

STEAM
STANDARD COMMERCIAL DUTY — STN
STN Steam Generator

3–15 kW

SAWO's standard commercial-duty steam generator, in solid stainless steel.

LINKED MAXIMUM Up to 75.0 kW across five linked units

CONSTRUCTION Solid stainless steel — minimizes corrosion

STEAM
RESIDENTIAL — STE
STE Steam Generator

3–15 kW

SAWO's residential steam generator, a simple knob-and-switch operation.

INCLUDED Temperature sensor, steam head, 7.5m RJ12/RJ10 cables

CONTROLS STE Basic or Advance

STEAM
FLEXIBLE INSTALL — STN-S
STN-S Steam Generator

3–15 kW

A flexible-install steam generator with a separable electronics compartment.

MAINTENANCE Cassette-style heating elements simplify cleaning

CONTROLS Stainless Touch, STN-S 2.0, or STN-W 2.0

STEAM
HEAVY DUTY COMMERCIAL — STN-W
STN-W Steam Generator

3–15 kW

A heavy-duty commercial steam generator, built for daily hard use.

FEATURES Cassette heating elements; optional demand button for an extra steam burst

CONTROLS Stainless Touch or STN-W 2.0

STEAM
Steam Controls

The panels that govern a SAWO steam generator's temperature, scent, and fan.

STEAM 2.0 LED display, scent pump, light dimmer, fan; 7.5m RJ12 cable included

STEAM STAINLESS STEEL TOUCH Adds standby mode, error-code display, autodrain, and a kilowatt counter

Infrared

INFRARED · FOCUS PRODUCT

Infrared Sauna Room — 2 Person (1111-IR-D)

A two-person infrared cabin, plug-and-play on a standard socket.

ITEM CODE 1111-IR-D

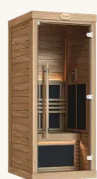

CAPACITY 2 people

EXTERNAL DIMENSIONS 1.10m (W) × 1.10m (D) × 2.05m (H)

POWER 1,400W total — fiber-coated far-infrared panels, 170W per panel

VOLTAGE 230V 1N~, plug-and-play on a standard household socket

TIMBER Cedar

INFRARED

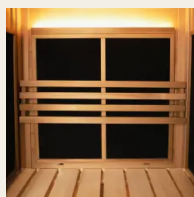

PLUG-AND-PLAY — 0908-IR-D

Infrared Sauna Room — 1 Person (0908-IR-D)

A single-person infrared cabin that runs from a standard 230-volt socket.

ITEM CODE 0908-IR-D

CAPACITY 1 person

INFRARED

Infrared Panels

Standalone far-infrared emitter panels, for custom rooms or replacement.

ITEM CODES IR-PANEL-1-D (single) · -2-D (double) · -3-D (triple)

POWER 220–230V AC 1N~, 50/60Hz, max 170W per panel

INFRARED

Infrared Backrest

A portable, plug-and-play infrared backrest that straps to any bench.

ITEM CODE 505-IR — Cedar or Aspen

FIT Nylon strap, mounts to any chair or bench

INFRARED

Infrared Controls

The panels that set temperature, session time, lights, and fan.

INFRARED 2.0 BUILT-IN CONTROL IR-B-V2 — combined interface and power controller in one housing

INFRARED 2.0 POWER CONTROLLER IR-PC-V2 — pairs with a separate user interface

Controls

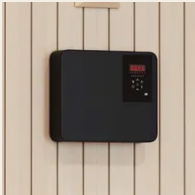

CONTROLS
WI-FI TOUCH CONTROL — SAWO SENSE
SAWO Sense
A Wi-Fi-connected touch control, direct-driving heaters up to 9 kW.
CONNECTIVITY Built-in Wi-Fi
POWER Direct control to 9.0 kW; extendable to 18.0 kW with a contactor unit

CONTROLS
SMART TOUCH CONTROL — SAUNOVA 2.0 PLUS
Saunova 2.0 PLUS
SAWO's smart control panel, with app-based remote monitoring.
CONNECTIVITY Wi-Fi, via the SAWO app
POWER Engineered to 9.0 kW; extendable to 18.0 kW with a contactor unit

CONTROLS
TOUCH CONTROL — SAUNOVA 2.0
Saunova
SAWO's touch control family — the session, decided at a panel.
SAUNOVA 2.0 Direct control for Ni2 heaters, 2.3–9.0 kW (18.0 kW with a contactor unit)
SAUNOVA 2.0 BUILT-IN Combined interface + power controller, for NS heaters 2.3–9.0 kW

CONTROLS
TOUCH CONTROL — INNOVA
Innova
SAWO's other primary control line, driving heaters to 15 kW (30 kW linked).
INNOVA CLASSIC 2.0 Direct control for Ni/NS heaters, 2.3–15.0 kW (30.0 kW with a contactor unit)
INNOVA STAINLESS STEEL TOUCH Direct control 2.3–15.0 kW, power-blackout memory, optional fan/dimmer/combi

Accessories

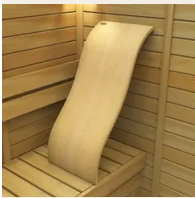

ACCESSORIES

Kivistone

SAWO's Finnish-soapstone accessory collection — cups, coolers, and tableware.

CATEGORIES Aroma cups, coolers, candle holders, dinnerware

NAMED PIECES Aroma Spirit Cup, Spa Stones Set, Aroma Cup R-160, Wine Cooler Stone

ACCESSORIES

Wave Backrest

A curved wooden backrest for longer sits.

ACCESSORIES

Spa Stones Set

A set of smooth stones, racked in wood.

ACCESSORIES

Siro Bench

A freestanding wooden bench, inside the sauna or out.

ACCESSORIES

Accessory Sets

Four curated sets — pail, ladle, thermo-hygrometer, and sandtimer, matched.

TRADITIONAL Hemlock pail, ladle, thermometer, sandtimer, signage

ESSENTIAL Adds a thermo-hygrometer and an aroma cup with eucalyptus oil

ACCESSORIES

Pails

A full pail range, from small accent pails to 40L reservoir pails.

NAMED MODELS Kanto, Lovi, Usva, Dragon, Steamwater, plain Wooden Pail

CAPACITIES 4L to 40L

ACCESSORIES

Thermometers and Combined Meters

Temperature and humidity gauges, in roughly two dozen shapes and finishes.

NAMED MODELS Loisto, Kanto, Accent Stone, Water Drop, Cut Corner Square

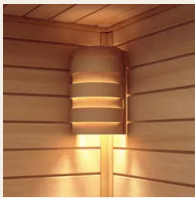

TYPES Thermometer-only and combined thermo-hygrometer

ACCESSORIES

Dragonfire Pail & Ladle

The pour, in the designer line's black.

ACCESSORIES

Wooden Light Covers

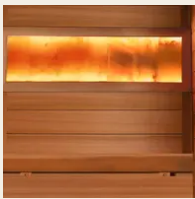

Square and curved covers that soften the sauna's light.

ACCESSORIES

Sand Timer

The session, measured in falling sand.

ACCESSORIES

Himalayan Salt Lights

A lit Himalayan salt wall panel, in three frame finishes.

NAMED SIZES Vertical or horizontal salt wall tiles, standard or large

FRAMES Cedar, hemlock, or black

ACCESSORIES

Pail Shower

A wall- or ceiling-mounted pail that auto-refills for a continuous pour.

CAPACITY 18L

FINISHES Hemlock, cedar, or black

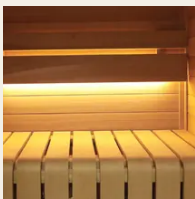

ACCESSORIES

Ladles

A full ladle range, from short standard scoops to long Puro handles.

NAMED MODELS Wooden Ladle Standard, Puro, Kanto, Dragon, Steamshot, Stainless Steel

LENGTHS 36cm to 81cm

ACCESSORIES

Sauna LED Lights

A modular, warm-white LED lighting kit for under-bench installation.

VOLTAGE 110V or 230V

COLOUR TEMPERATURE 2700K warm white, CRI >90

ACCESSORIES

Door Handles and Ventilation

Door hardware and circular or square ventilation louvers, matched in wood or metal.

HANDLES Wooden arc, straight, or straight with metal accent

HINGES AND LOCKS Round door hinge, magnetic lock

ACCESSORIES

Sauna Doors

A full door range, from solid wood to frameless tempered glass.

WOODEN DOORS Stripe, reversible, or with a clear or bronze glass window

GLASS DOORS Clear or bronze tempered glass, reversible or handed

ACCESSORIES

Heater Accessories

Sauna stones, safety switches, and the Cozy Tank instant-steam basin.

SAUNA STONES Olivine Diabase (20 kg) or Decorative White Quartz (10 kg)

SAFETY SWITCH Cuts power if a towel or object enters the safety distance
